

Sandy City Freeway Beautification, I-15 at 10600 South

Project Description: **Enhancement**

This is a local governments project with Sandy City. The project is intended to enhance the eastern portion of the 10600 South interchange. The enhancements include additional landscaping, ornamental fencing, and additional cobble rock and gravel mulch areas. The existing irrigation system will be enhanced with additional valves and zones.

Total Project Budget: **Approx. \$726-thousand (current cost estimate)**

Anticipated Schedule: **The project is currently scheduled to advertise in September 2006 with construction is scheduled for Fall 2006.**

NOTE: Schedule information listed above is estimated and could change without notice based on funding, scheduling constraints, stakeholder issues, and other unanticipated project elements.
